

BENCHMARK CASH

Benchmark on the beyond design seismic capacity of reinforced concrete shear walls

Workshop #2 – Program

01-02 June 2017

UIC-P / Paris / France

Thursday, June 01, 2017

9:30 - 10:00	Welcome Coffee
10:00 - 11:00	Opening session and results Phase 1 and Phase 1b
10:00	Introductory speech P. Labbé (<i>OECD</i>)
10:15	CASH Phase 1 and phase 1b. Results overview and synthesis T. Thénint (<i>NECS</i>)
11:00 - 12:30	Participant session #1
11:00	Philipp Brede (<i>Stangenberg und Partner Ingenieur GmbH</i>)
11:30	M. Brun (<i>INSA-Lyon</i>)
12:00	Alejandro Soler (<i>Principia</i>)
12:30 - 14:00	Lunch
14:00 - 15:30	Participant session #2
14:00	Sanja Hak (<i>Basler&Hofmann AG</i>)
14:30	Manya Deyanova (<i>Mott Mac Donald</i>)
15:00	Somnath Jha (<i>AERB</i>)
15:30 - 16:00	Coffee break
16:00 - 17:30	Participant session #3
16:00	B. Belletti (<i>University of Parma</i>)
16:30	F. Banci (<i>EDF R&D</i>)
17:00	Anca Ferche (<i>University of Toronto</i>)
17:30 - 18:15	Results Phase 2 and closing session
17:30	CASH Phase 2. Results overview and synthesis. T. Thénint (<i>NECS</i>)
18:05	Closing session E. Gallitre (<i>EDF SEPTEN</i>)
20 :30	Dinner in Paris

Friday, June 02, 2017

9:30 - 10:00 Welcome Coffee

10:00 - 12:30 Assessment of ductility factors

- 10:00** Introduction E. Gallitre (*EDF SEPTEN*)
Investigation of the local ductility of shear walls in a building: FE modelling assumptions and exploitation of some results
M. Brun (*INSA Lyon*)
- 10:30** Assessment of ductility factors based on participants' results
T. Thénint (*NECS*)
- 11:00** Open discussion and conclusions

12:30-14:00 Lunch
